PS-P01

AUGMENT

FORMAT: Powder
SERVINGS: 20 [Full Serving] / 40 [Half Serving]
SCOOP WEIGHT: 18, 900mg

SYS-LOGIC
REV: TP-PS-P01-B-01

SOURCE ::
APPROVED SFP

01 VASODILATION & BLOOD FLOW

L-CITRULLINE 6,000 MG
Supports nitric oxide production and increased blood flow.

AGMATINE SULFATE 1,500 MG
Arginine-derived compound that inhibits arginase activity, helping preserve arginine availability and nitric oxide signalling.

GRAPE SEED EXTRACT [STD. 95% POLYPHENOLS] 300 MG
Polyphenol complex supporting endothelial nitric oxide signalling and vascular responsiveness.

VASODRIVE-AP® [AMEALPEPTIDE®] 1,016 MG
Bioactive casein lactotripeptides supporting vascular relaxation through angiotensin-converting enzyme [ACE] inhibition.

02 NEURAL ENGAGEMENT

L-TYROSINE 1,500 MG
Precursor to dopamine and noradrenaline, enhancing focus and cognitive performance under stress.

CHOLINE BITARTRATE [40% CHOLINE] 1,000 MG
Supports acetylcholine production for focus and neuromuscular signalling. Provides 400 mg choline.

ACETYL-L-CARNITINE HCL 500 MG
Enhances neuronal energy metabolism and neural signalling efficiency.

COGNATIQ® [COFFEE BERRY EXTRACT] 150 MG
Enhances cognitive alertness and mental focus without caffeine.

03 CELLULAR VOLUMISATION & FLUID DYNAMICS

TAURINE 2,000 MG
Regulates intracellular osmotic balance and maintains cellular hydration within muscle tissue.

SODIUM [FROM PINK HIMALAYAN SALT] 300 MG
Regulates extracellular fluid balance, vascular pressure and neuromuscular signalling.

POTASSIUM [FROM POTASSIUM CITRATE] 150 MG
Regulates electrical signalling in muscle cells and intracellular–extracellular fluid balance.

PRODUCT CODE: PS-P01
PRODUCT NAME: Augment
SYSTEM CLASS: Class IV
SYSTEM TYPE: Performance Systems
