01

STIMULANT DRIVE

CAFFEINE ANHYDROUS

400 MG

Stimulates the central nervous system to increase alertness, reaction speed, and training drive.

THEOBROMINE HCL [98%]

150 MG

Secondary stimulant that extends stimulant activity and sustains output.

NEURORUSH® [COFFEE ARABICA SEED EXTRACT]

150 MG

Enhances cognitive alertness and mental focus without adding additional caffeine load.

BITTER ORANGE EXTRACT [10% SYNEPHRINE]

300 MG

Adrenergic compound driving energy output and metabolic activation.

02

COGNITIVE CONTROL

L-TYROSINE

1,500 MG

Precursor to dopamine and noradrenaline, enhancing focus and cognitive performance under stress.

MUCUNA PRURIENS EXTRACT [98% L-DOPA]

250 MG

Provides L-DOPA to support dopamine availability and motivation.

URIDINE-5'-MONOPHOSPHATE

300 MG

Improves neural signalling and cognitive function.

CHOLINE BITARTRATE [40%]

1,000 MG

Supports acetylcholine production for focus and neuromuscular signalling. Provides 400 mg choline.

03

FATIGUE TOLERANCE & ENDURANCE

BETA-ALANINE

3,750 MG

Improves tolerance to high-intensity effort by buffering muscular acidity.

BETAINE ANHYDROUS

2,500 MG

Enhances cellular hydration and power output through methylation pathways.

TAURINE

1,000 MG

Regulates cellular fluid balance and supports neuromuscular function.

04

VASODILATION & BLOOD FLOW

L-CITRULLINE

6,000 MG

Supports nitric oxide production to improve blood flow and nutrient delivery.

SODIUM [FROM PINK HIMALAYAN SALT]

200 MG

Maintains hydration status and muscular contraction during training.

PRODUCT CODE:

PS-S01

PRODUCT NAME:

Impulse

SYSTEM CLASS:

Class IV
